PROFILE

Technical team lead and senior Flutter developer with 7+ years shipping mobile, web, and desktop products. Plans architecture, coordinates developers and clients, and stays in the code. Manages delivery in the language the product needs, including agent-based development: plan the work, direct implementation, review the result, and ship it. MCA 8.94/10, BCA 8.07/10, both with distinction.

EXPERIENCE

Senior Flutter Developer — **Jun 2023 — Present**

Karmaa Source Private Limited · Technical leadership

- Coordinate delivery, milestones, and production support across mobile, web, and desktop.
- Turn client workflows into scope, architecture, database design, and API contracts.
- Review code and build Flutter apps with REST, payments, and hardware such as USB, PLC, printers, and biometrics.
- Employee of the Year performance award at Karmaa Source Private Limited.

Android & Flutter Developer — **Jun 2019 — May 2023**

Addon Solutions Pvt. Ltd.

- Built Android and cross-platform apps in Flutter and Dart: UI, business logic, REST, and databases.
- Improved responsiveness and performance, then supported testing, releases, and maintenance.

Software Development Intern — **Dec 2018 — May 2019**

Addon Solutions Pvt. Ltd.

Hands-on mobile development, debugging, and delivery workflows alongside the MCA.
